github.com/DecryptorX | linkedin.com/in/ishan-yadav-a22251325

TARGET ROLES

Cybersecurity Intern | SOC Analyst Intern | Software Developer Intern

EDUCATION

B.Tech in Computer Science & Engineering

Bennett University, Greater Noida

CGPA: 6.7 / 10

Expected 2028

Class XII - Mathematics (NIOS)

St. Xavier's High School

CBSE | 69.2%

Class X

St. Xavier's High School

CBSE | 82%

TECHNICAL SKILLS

Programming: Python, Java, JavaScript
Web Dev: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Flask
Databases: MySQL, MongoDB
Tools: Git, GitHub, VS Code, Postman
OS: Windows, Linux

PROJECTS

JARVIS AI Agent

In Development

- Developing a desktop AI assistant focused on voice interaction and productivity.
- Integrating OpenRouter-based LLMs with conversational memory, tool calling, and local-first architecture.
- Designing a modular system for future PC automation and cybersecurity capabilities.

SkinVision AI

github.com/DecryptorX/SkinVision | skinvision.vercel.app

Python, Flask, React, Next.js, Tailwind

- Built an AI-powered web app that analyzes skin images to identify potential skin conditions.
- Flask backend and Next.js frontend for image upload and AI prediction.
- Integrated location-based services to help users locate nearby dermatologists.

SAFEpath

github.com/DecryptorX/SafePath

React, Next.js, AI/ML

- Women's safety platform focused on emergency assistance and public safety.
- Designed AI-assisted safety features and community-oriented functionality.

Automated Log Analyzer & Reporting Script

github.com/DecryptorX/Automated-Log-Analyzer-and-Reporting-Script

Python

- Python tool to parse Windows/Linux logs, detect suspicious events, and generate structured reports.

LEADERSHIP EXPERIENCE

Social Media Sub Head

ACM Bennett University

- Managed the chapter's social media presence and digital marketing campaigns.
- Captured and produced event photography and videography for promotional content.
- Recruited, mentored, and managed a junior core team for content creation.

CERTIFICATIONS

- Google - Operating Systems and You: Becoming a Power User
- Google - The Bits and Bytes of Computer Networking
- Arm - Computer Architecture Essentials on Arm
- Infosys Springboard - Python Fundamentals

LANGUAGES & INTERESTS

Languages: English, Hindi

Interests: Cybersecurity | Software Development | Artificial Intelligence | Basketball | Video Editing | Photography
